British & Irish Association of Stroke Physicians

Welcome

Dear Colleague,

It is with great pleasure that we can announce the launch of the British & Irish Association of Stroke Physicians Trainees' Meeting 2025. This event will be held over two days at the beautiful Dublin Castle, on the 6th - 7th March 2025.

We would like to take this opportunity to invite all relevant commercial companies to partner with ourselves and contribute to the educational content of the day. This event will offer a varied programme, with inspiring speakers and informative sessions.

Programme Highlights:

This two-day, face to face, event is traditionally targeted at senior stroke trainees (registrars) on the verge of becoming stroke consultants, but is also attended by consultants, specialist stroke nurses, allied health professionals and medical students from across the United Kingdom and Ireland.

The programme is designed to cover the three Physician Stroke Medicine 2022 Capabilities in Practice (CiPs) namely:

- Managing the care of acute stroke patients, including hyperacute care and cerebral reperfusion strategies.
- Managing the primary and secondary prevention of stroke and Transient Ischaemic Attack
- Managing early and late stroke rehabilitation in hospital and community settings

Yours sincerely,

Shyam Kelavkar

Chair of the British and Irish Association of Stroke Physicians Trainee Subcommittee
